
***MARK YOUR CALENDARS FOR THE 83RD ANNUAL
APCG MEETING!***

October 14-16, 2021

San Diego, CA

Hybrid: in-person & virtual

The 83rd Annual Meeting is a partnership between the APCG, other AAG Regions, and the Applied Geography Conference and is a component of the AAG Climate-Forward Initiative.

Registration Options:

Virtual: Access to all virtual content (recorded and live sessions) from all conference partners

In-person: All in-person sessions and keynote events, plus access to all virtual content from all conference partners

Meeting Venue:

In-person conference details are still in discussion with potential venue partners, but San Diego State is the current favorite. Conference hotels and venue will be accessible via the San Diego Metropolitan Transit System. All virtual components will take place via the AAG's conference meeting platform.

Benefits of partnership and hybrid meeting:

- Cancellation assurance for attendees (registration + add-on items)
- Single registration, abstract, and meeting platform
- Focus on meeting sustainability

Meeting Organizers:

Liz Ridder, California State University San Marcos, eridder@csusm.edu

Atsushi Nara, San Diego State University

Yolonda Youngs, California State University San Bernardino
